

**The People's Democratic Republic of Algeria**  
**Ministry of Higher Education and Scientific Research**  
**University of M'sila**

## **Students Tutoring**

University Of M'sila guarantees specific supervision for first year students.

There is a group of professors who have long experience in education, each group supervised by a responsible.

The main goals of tutoring are:

- Accompany the student during their first university year.
- Encourage the new students to adapt their selves into the university environment.
- Guide the students to the specialty desired in the future.
- Accompany the students psychologically at the university environment.
-
